

CORMETECH

Technical Assistant

\$500 Signing Bonus!

SUMMARY OF POSITION

We are looking for a full-time Technical Assistant for our Durham, NC facility that has exceptional organizational skills, a self-starter and strong computer skills.

WHAT YOU WILL BE DOING

- Administrative work to support the Department of Energy funded cooperative agreement projects.
- Database entry / management for catalyst and adsorber activity and characterization data.
- Lab work, using testing and analytical equipment, to produce activity and characterization data.

WORKING CONDITIONS

- Typical laboratory environment, climate-controlled, with mechanical noise and some dust from materials.
- Varying temperatures from cool to warm, in the laboratory, office area, and production area.

PHYSICAL REQUIREMENTS

- Standing, stooping, bending, walking, squatting, and climbing frequently.
- Ability to communicate effectively with others regarding work issues and problems.
- Ability to lift 30 pounds to a height of five feet occasionally.
- Ability to disconnect, move, and connect compressed gas

WHO WE ARE

Cormetech is the world's leader in environmental technology. We help customers reduce their release of air pollutants and improve the environment. Protecting our environment for future generations has been important to us since our inception.

BENEFITS OF OUR WORK

Our focus is to ensure our environment is full of clean, unpolluted air. Not only are we responsible for 65% of the pollution reduction in our air since our inception, our manufacturing methods of regeneration and recycling have eliminated 6.5 million cubic feet of landfill. Our drive to improve the environment does not end there, we are continually innovating and seeking ways to improve air, land, and water quality.
