

CORMETECH

Production Associate

\$500 Signing Bonus!

SUMMARY OF POSITION

We are looking for full time Production Associates in our Durham, NC facility who are dedicated to safety, self-motivated, and an excellent problem solver. This position is responsible for operating production equipment in an advanced manufacturing environment. Production Associates work in a team setting, performing problem solving and troubleshooting.

WHAT YOU WILL BE DOING

- Assemble material and operate equipment within specifications, safely and efficiently
- Measure, assemble materials, apply chemicals, and transport materials within specifications and with precision
- Verify solutions, materials, and finished product criteria are within specifications prior to using or releasing
- Use care and attention to detail while working with raw materials and finished product to ensure product is not damaged and is properly handled
- Operate equipment within safety guidelines and specifications required for the task being performed
- Maintain process specifications and inspect product for quality
- Record process data and information accurately and appropriately
- Make appropriate decisions based on data and information gathered in the process
- Communicate issues with product, processes, and data to supervisor and/or manager in a timely manner

WHO WE ARE

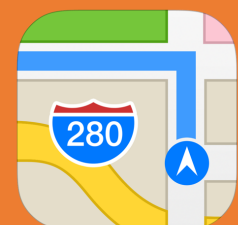

Cormetech is the world's leader in environmental technology. We help customers reduce their release of air pollutants and improve the environment. Protecting our environment for future generations has been important to us since our inception.

BENEFITS OF OUR WORK

Our focus is to ensure our environment is full of clean, unpolluted air. Not only are we responsible for 65% of the pollution reduction in our air since our inception, our manufacturing methods of regeneration and recycling have eliminated 6.5 million cubic feet of landfill. Our drive to improve the environment does not end there, we are continually innovating and seeking ways to improve air, land, and water quality.
