Production Associate

\$2000 Signing Bonus!

SUMMARY OF POSITION

We are looking for a full time Production Associate in our Cleveland, TN facility who is dedicated to safety, self-motivated, and an excellent problem solver. This position is responsible for operating production equipment in an automated, advanced manufacturing environment. Production Associates work in a team setting, performing problem solving and troubleshooting.

WHAT YOU WILL BE DOING

- Perform equipment operations, problem solving and decision making.
- Communicate openly and honestly with co-workers, department leads and supervisors.
- Produce product that meets standard operating procedures and quality standards.
- Make recommendations to change/modify procedures and quality control standards and in development/modification of equipment and gauges to facilitate work and maintain testing and inspection efficiency and effectiveness.
- Work 12 hour rotating shifts, or 10-hour shifts, day and/or evenings and weekends.
- Provide management with production updates and feedback for decision-making.

WHO WE ARE

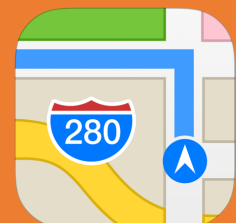

Cormetech is the world's leader in environmental technology. We help customers reduce their release of air pollutants and improve the environment. Protecting our environment for future generations has been important to us since our inception.

BENEFITS OF OUR WORK

Our focus is to ensure our environment is full of clean, unpolluted air. Not only are we responsible for 65% of the pollution reduction in our air since our inception, our manufacturing methods of regeneration and recycling have eliminated 6.5 million cubic feet of landfill. Our drive to improve the environment does not end there, we are continually innovating and seeking ways to improve air, land, and water quality.
