Welder

\$2000 Signing Bonus!

SUMMARY OF POSITION

We are looking for a full time Welder in our Cleveland, TN facility who is dedicated to safety, self-motivated, and an excellent problem solver. This position is responsible for the welding of steel modules using MIG welding equipment and techniques. The Welder will perform both structural and non-structural welds in performing this responsibility.

WHAT YOU WILL BE DOING

- Perform welding with the MIG welding equipment in a safe manner.
- Perform structural welds with precision and accuracy.
- Perform non-structural welds with precision and accuracy.
- Grinds and cuts open modules for repair as needed.
- Operate a forklift in a safe manner.
- Make recommendations to change/modify procedures and quality control standards and in development/modification of equipment and gauges to facilitate work and maintain testing and inspection efficiency and effectiveness.

WHO WE ARE

Cormetech is the world's leader in environmental technology. We help customers reduce their release of air pollutants and improve the environment. Protecting our environment for future generations has been important to us since our inception.

BENEFITS OF OUR WORK

Our focus is to ensure our environment is full of clean, unpolluted air. Not only are we responsible for 65% of the pollution reduction in our air since our inception, our manufacturing methods of regeneration and recycling have eliminated 6.5 million cubic feet of landfill. Our drive to improve the environment does not end there, we are continually innovating and seeking ways to improve air, land, and water quality.
